1. Requires Logi Options+ software (Windows 10 and macOS 10.15 or later).
2. Logi Bolt wireless products will not pair with other Logitech USB receivers.
3. Battery life may vary based on user and computing conditions.
4. Device basic functions will be supported without software for systems other than Windows and macOS.
5. BLE connection recommended for full keyboard functionality on Chrome OS devices. Connection with Logi Bolt receiver on Chrome OS will show limitations on the experience.
